Registration day was met with mixed feelings of excitement and anticipation for starting another school year, yet with some regret for the end of another summer. Registration was about the same with 131 total students enrolling. There were eight new students who registered for their first year at PHS.

Freshman had to make a choice of which degree plan, regular or advanced, they would be working for during their high school years.

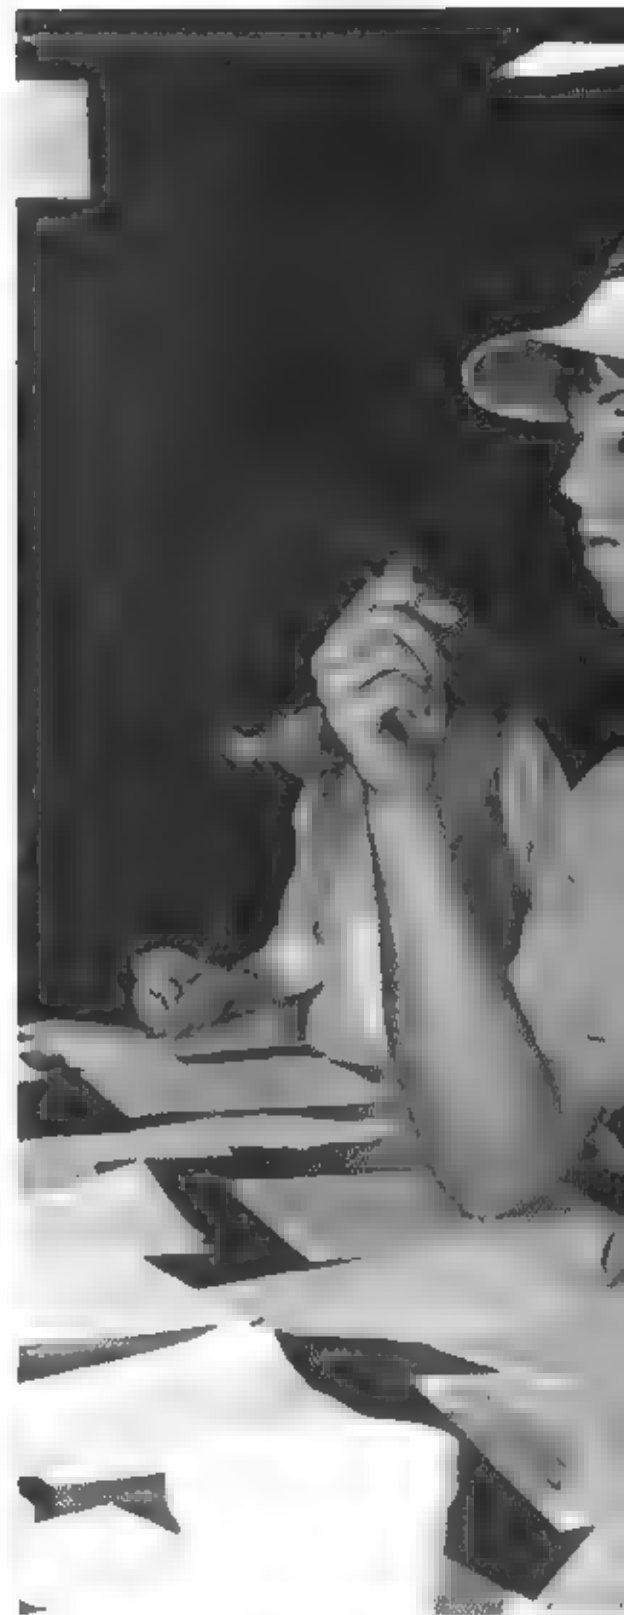

Seniors had their portraits made by Dick Reylea from "Unique Reflections" in Lubbock.

Registration went very smoothly because each class had their own designated time to register, and teachers helping them could concentrate on classes available to each separate grade.

As freshmen, Lacy Fell, Rita Hemphill, and Ron Gilbert look over the requirements for a regular or advanced degree.

Mr. Utley recruits sophomore boys for his agriculture classes.

Alberto Gonzalez inquires about the home economics classes from Mrs. Tucker.

Robert Slotts, transfer student from Childress, checks local requirements for sophomore students

Most seniors had their portraits taken the day of registration. This is the third year Dick Reylea has been senior photographer

Alberto Gonzalez, senior, was the very first student present to register. He gets plenty of help from Mrs. Trent, Mrs. Tucker, and Mr. Eakins.

Mr. Staggs advises sophomore students on required math classes

If you want to be in fashion, a Coca-Cola shirt is essential. Melissa Branson, Jon Bratton, T. A. Brooks, and Jeff Adams show the many different styles available.

The Best of Fads and Fashions

Amy Smith can wear the "crimped" style one day and curly or straight the next, thanks to the crimping and curling irons.

Carrie Black enjoys the duster she received for her birthday.

Suspenders are back again and popular with Johnny Griffith and Brandon Puckett.

Denim is popular from Prairie skirt length to the latest in mini skirts, as worn by Shelly Drummond.

Meredith Richards, Dee Dee Chewing, and Delicia Gregory set a new pace in shoes without shoelaces

Another fashion among the guys at PHS is the "shaved" stripes, as seen on Jay Mahorney and Cruz Garibaldi.

Mrs. Tucker works hard trying to prepare her students for a future marriage.

Thinking . . . accounting takes a lot, but Karla Weddle handles it well.

Mrs. Burns sorts library books during her first period study hall

The Dragons came away with a hard-fought 39-0 victory over the Memphis Cyclones on the night of Oct. 2. Spirits were high when fans and students left the stands to congratulate the players on the field. When the coaches shook hands after the game, as is customary, Memphis Coach Monzingo showed unnecessary resentment towards the Paducah win by punching Paducah Coach Tony Martinez in the face. Although Monzingo's unsportsmanlike attitude caused an uproar, good spirits prevailed as Paducah fans and players celebrated the Homecoming victory.

The Best of *Honors*

Mr. PHS

Will Flemons — big, tall, tough, yet so gentle in mannerisms and personality. This 6'7" senior is not only the epitome of a great athlete, but displays politeness, courtesy, and geniality in all that he does. He is the kind of person who is always there to lend a helping (large) hand or a listening (small) ear.

Outstanding in both football and basketball, Will has been recruited by colleges and universities all over the United States. But despite the many awards, honors, and achievements he has received in these sports as well as track, he has an unpretentious approach to his tremendous ability. He remains our "Big Will," with a beautiful grin from ear to ear.

He is a very valuable member of our high school and contributes pride, wit, and a convivial spirit to it.

Hall-Scruggs & Co
Wayde & Adelle Smith

Miss PHS

Carrie Black — small in stature but twice her size in energy and personality.

Her gymnastic abilities are most visible in her role as cheerleader. She adds to the excitement with her tremendous jumps and backward hand springs.

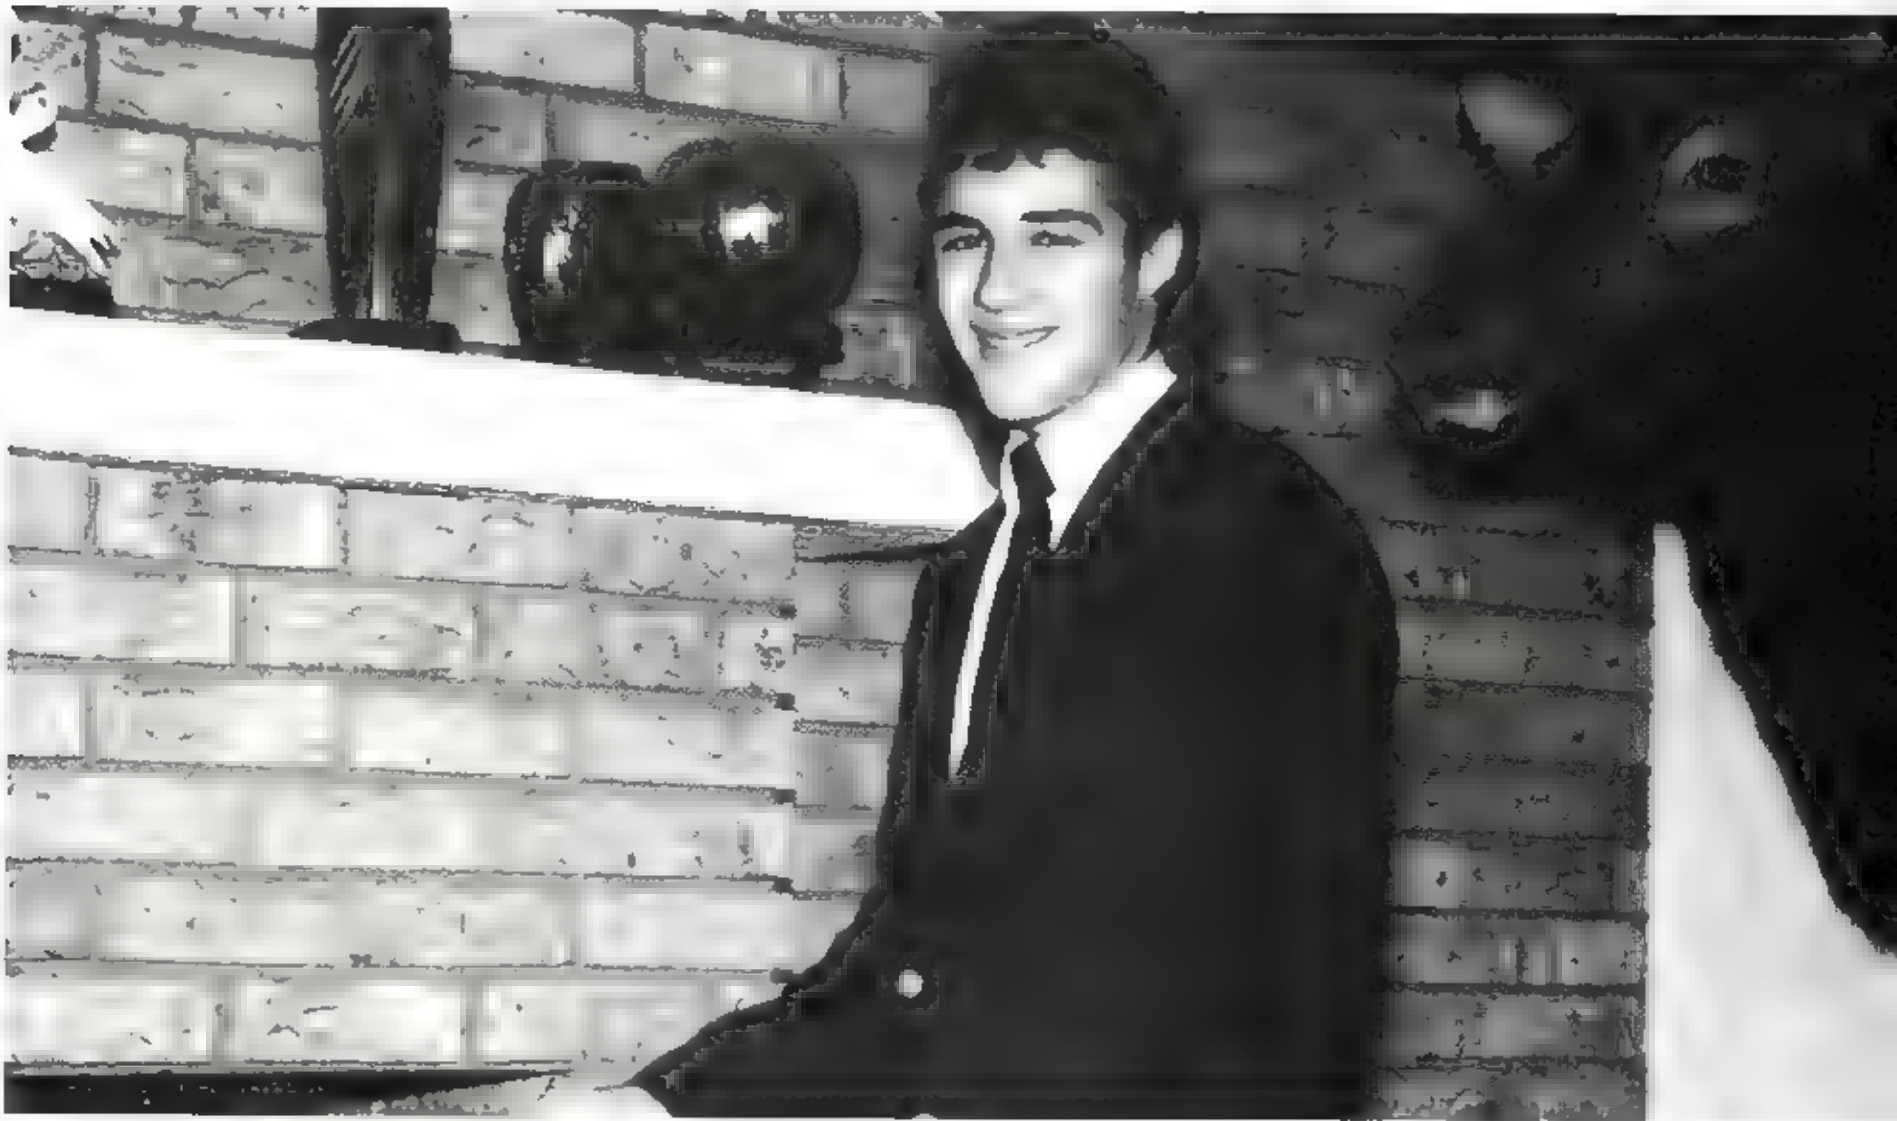

Carrie also excels in the band program. She plays trumpet and has received honors in solo contest and recognition as a member of the all-district band. This past summer, a great achievement she made was getting chosen for the newly formed Sea-World Band.

Carrie is as comfortable in the livestock arena as she is anywhere else. She has been active in FFA all through high school and has been its sweetheart for the last two years.

Overall, Carrie is likable, capable, smart, and a fun-to-be-around person.

This year the Student Council truly "got in the middle of things!" The homecoming tea started off an active year for the student leaders. The fall was filled with activities provided by the Council, headed by Nancy Hernandez. These included a speaker assembly which hosted John Erickson, the author of the Hank the Cowdog series, a bulletin board contest, a Thanksgiving essay contest, and a Halloween costume contest. In the commons area, the president filled the coke and candy machines, and during the Christmas holidays, a Christmas tree was put up and decorated by all members. The Student Council was also active in the spring season when dances and other projects were planned.

Just like a good soaking rain can end a long draught, the band getting a #1 rating in UIL marching contest brings to end a very long dry spell.

Perhaps the marching band has made a one in the past, but it has been so long that no one can remember.

However, many band members will long remember October 24, 1987. Some thought the excitement when the ratings were announced in Wichita Falls could not be topped. But then when the bus arrived home there was an outpouring of community pride. Led into town by the Sheriff's car and the fire engine, there followed a parade of cars and people waving banners and streamers. The last performance of the circus was even delayed so people could welcome home a Class A — #1 band.

"Lots of hard work, especially the last two weeks, led to the excellent rating," according to new director David Eakins.

Preparing for the future

Involved . . .

That's one word that describes our chapter of the Office Education Association. Our chapter, headed by Mrs. Jenneane Piper, has gotten involved in numerous projects.

Tutoring, baking birthday cakes for teachers, providing food baskets for the needy, providing refreshments for school board meetings, and participating in Big Brother/Big Sister projects help every student to better understand the purposes of the organization. Every student learns to develop student leadership, to improve poise, attitude, and tact, to plan effectively, to get along with other people, and to understand and promote business.

To borrow a phrase from the late Jackie Gleason, "How sweet it is!" described the football season

People in Paducah have talked for thirty-three years about the super team of '54. Finally the long drought has ended, and now we can remember the team of '87.

People often tell you that winning isn't everything, but it's sure as heck beats the alternative. Besides, winning is fun. Every week you thought the excitement couldn't get any better, but it did. More decorations appeared, the band led impromptu rallies in the hall, orange flags were handed out at games to wave, and "Orange Crush" cans filled with rocks were given to fans to shake.

"Many memorable moments occurred during the season," recalled Coach Martinez. "Little did the Dragons know that they were making history when they shut the Crosbyton Chiefs out in Crosbyton. This was a start of a long chain of shut-outs recorded by the Dragon defense; a record that was not broken until the Dragons entered the Texas State Play-offs.

"The Dragons also defeated the Quanah Indians for the first time in several years. To cap off a great season, the Dragons played in what was called one of the greatest 1A games in the state. Newspapers were calling it the OU-Texas football game of 1A football. The game featured the state's number one team, Munday, against the number two team in the state, the Paducah Dragons. The game was played in front of the largest crowd ever to enter Lion Stadium in Vernon, Texas. People got their money's worth as they watched one of the most exciting games ever played in the area. Even though Paducah lost, it will always be remembered as one of the greatest games ever played."

With a Mogul hanging on to his foot, Shedrick Davis tries to break loose for a few extra yards.

There he placed second with a time of 16:45. Following a late night football game against Rotan at Roosevelt, Jr. and Coach Roybal flew to Austin for the state meet.
